

# THE RIDE LIFE

## SHOW OVERVIEW:

**THE RIDE LIFE** is a premium docuseries following a celebrity motorhead on a journey to uncover the coolest cars and car tribes that tell the most compelling stories about the origins of car culture, the communities they create and the impact they have beyond metal. Along the way, he checks out some of the fastest machines on the planet, goes on epic drives in jaw-dropping locations, gets his hands dirty restoring classic cars and even races with some celebrity friends.

In each city the celebrity host visits, he meets local car heroes with untold stories and discovers how each has forged unique car tribes and machines. **THE RIDE LIFE** seeks to reach these communities and uncover the human stories of modern issues facing our world today. We trace the evolution of these car cultures to find out how they have evolved over the years into unique car tribes with some of the coolest machines on the planet.
