### Track Sessions

We received a number of feedback forms from our Owner's Clubs in 2012 which gave both the positives and "not so" positive elements of the Classic Action Day... fortunately the positives far outweighed any other comments!!!

One of the comments that we could really take positive action on though was the "clash" of Classics with Performance Cars on the Circuit and, with this in mind, we have completely rewritten our 2013 Track Session Timetable to hopefully eliminate any possible clashes and give a real opportunity for Classics and Retros to get out on the Circuit.

The full timetable overleaf details the various Track Sessions now available with the Track Session Definitions as below.

**Owner's Clubs can purchase Track Sessions in advance at a discounted rate of:**

- Track Sessions (9.00 to 11.00am) at £25 each (£35 on the day)
