Put the flags out for the new Panda

It's a superbly-equipped special edition designed to give you miles more fun for your money. With not one sunroof but two, opening the full length of the roof.

So you get all the sun and fresh air of a convertible combined with the practicality of a four-seater hatchback.

The Parade's sunny personality is expressed in a number of other attractive

additions.

Eye-catching Danish Blue or Spring Green metallic paintwork contrasts with

elegant interior trim. And there are practical features like a 5 speed gearbox,

internally adjustable door mirrors and a soft feel steering wheel.

Naturally, all the usual Panda charm and flair is there in abundance. Perfect town driving manners. Parking ease.

Plenty of space for people and luggage. Power comes from our famous 999cc

Fully Integrated Robotised Engine (FIRE). It's designed with 30% fewer moving parts

for exceptional reliability and economy as well as lively performance.

The Panda Parade will happily cruise at motorway speeds all day long. In town it will return over 43 mpg.
