

VEHICLE SAFETY RECALL NOTIFICATION

FIAT SEICENTO – 6th MAILING FUEL TANK LEAKAGE

Europcar
Interrent House
Aldenham Road
Bushey
Watford
WD2 2LX

DH2226 5544

ED/040237

30 October 2007

Dear Customer

On a number of early production Fiat Seicento vehicles operating in aggressive environmental conditions, the fuel tank could in some cases corrode, which in time might result in fuel leakage.

This is the sixth occasion that this Safety Recall has been mailed to customers and as this defect could affect vehicle safety it is extremely important that you make the earliest possible appointment with a Fiat Dealer to check your vehicle and carry out any necessary rectification.

This work will be done without charge and we enclose a dealer list for your reference. On the day of your appointment please keep your fuel level to a minimum.

The registered keeper details for this safety recall mailing are provided by the DVLA. If you are no longer the owner \ operator of this vehicle you must inform the DVLA of the new owner \ operators details or if the vehicle has been scrapped or written off. By completing the change of details form below it will enable us to notify the new keeper of the vehicle of this safety recall.

This Safety Recall is being conducted in accordance with the Voluntary Code of Practice and is monitored on an ongoing basis by the Vehicle & Operators Services Agency (VOSA), who are the government agency responsible for vehicle safety.

We apologise for any inconvenience caused and thank you for your cooperation.

Yours faithfully

Fiat UK
